

PACK STUDIO IPHONE 6/6S

Photo case and accessories

REF : OL-OC-0000168-EU

EAN : 817311013069

EXISTS IN : BLACK

DESCRIPTION :

ollocclip Studio is the combination of an all-new, more protective case design that incorporates an integrated rail mounting solution (patent pending) and a series of mobile photography accessories. Both the case and accessories are designed to intuitively work together the moment you pick them up. Unlike many of today's modular mobile grip systems, ollocclip's Studio components seamlessly work together so you can focus on capturing the opportunity in front of you and not on building a rig.

STRENGTHS :

- Finger Grip – a versatile and ingenious two-finger grip. Great for increased stability while taking photos, filming video or broadcasting with apps like Snapchat or Periscope. It enables the photographer to quickly change from portrait to landscape orientation without even thinking about it.
- 1/4-20 Mounts – to attach a tripod, grip or handles. Includes mounts for both landscape and portrait orientation.
- Finger Grip
- Cold-Shoe Adapters
- Kickstand – a new stand attachment for browsing the web, watching a movie or reading your favorite book or blog.

CHARACTERISTICS :

Dimensions : 143.5 x 72.6 x 12.7 mm

COMPATIBILITY :

iPhone 6, iPhone 6S
