

HIRISE THREE WHITE

Wireless Charging Stand with MagSafe

REF : TW-12-2146

EAN : 0811370024127

EXISTE EN : NEGRO, BLANCO

DESCRIPCIÓN :

HiRise wirelessly charges your iPhone, Apple Watch, and AirPods using less desk space than an iPhone. The space-saving design ends the clutter of multiple chargers and uses only one plug. HiRise holds your MagSafe iPhone upright to easily read notifications and tap snooze - without even lifting your phone.

Your nightstand - decluttered

One outlet, one cable is all it takes to charge your three most important devices. HiRise 3 helps clear off your nightstand to maintain a minimalist vibe or make room for more books. Choose Matte Black or Matte White to match your room aesthetic.

In a beauty contest, HiRise 3 takes the tiara

Do aesthetics matter? Of course they do. HiRise typically lives in your bedroom so it should be minimal, graphic-free and take up as little space as possible. When your beloved devices are connected & charging, HiRise 3 practically disappears - that's ok, too.

Your floating phone shows screen news at a glance

Magnetic iPhone charging is both magical & practical. No picking up your iPhone to read a late night notification or check the time. Vertical support holds everything viewable at a glance. For stability, the front pad is 82% larger than puck chargers. So hit snooze - HiRise has your back.

Charge a second phone, not just AirPods

The wireless base charger is not just for AirPods. It can charge a second phone, too. Great for other wirelessly-charging phones such as non-MagSafe iPhones or non-Apple mobiles too.
