LIBERTY DUAL GLASS

Wireless charger with 16 coils

REF : ZE-ZEDC09G-00

EAN : 7438222410490

EXISTE EN : NEGRO

DESCRIPCIÓN :

Most wireless chargers have just one coil in the center of each charging area. This small 'sweet spot' requires accurate positioning with the risk of waking up to a phone with an almost empty battery. The Liberty solves this problem with its maximized active charging area, making wireless charging ever more convenient and truly effortless.

Liberty Wireless Charger: Glass Edition

Ever wondered what's under the hood? This limited edition has a see-through tempered glass surface to reveal the inside of the wireless charger. You will be able to see the 16 charging coils seamlessly working together to make sure your devices regain their power quickly.

Perfect match

Use the Liberty to its full potential by combining it with the Apple Watch USB-stick and recharge your Apple Watch in sleep mode.

PUNTOS FUERTES :

- Glass surface revealing the inside technology
- 16 charging coils for freedom of placement
- Wirelessly charges two devices simultaneously
- 30W output (2x15W) with Apple and Samsung Fast Charge
