DESCRIPCIÓN :

The iPhone Starter Pack combines a complete wireless charging solution with a wired charging solution. The starter pack includes an ultra slim wireless charger with power adapter and an additional USB-C PD 18W wall charger. Everything you need to keep your iPhone charged at all times. In any possible way.

The wireless charger has a 10W output and is optimized for iPhone, supporting Apple Fast Charge. The charger comes with a micro USB cable and power adapter (in black). The charger is only 5 mm thin and works with any device that supports Qi wireless charging. Its ultra slim design ensures the charger blends in perfectly in any room.

The additional 18W USB-C PD power adapter (in white) is perfect to charge your iPhone if you are looking for a wired charging solution at times.
