EXISTS IN : BLACK

DESCRIPTION :

Wake up charged

Sleep easy knowing you'll wake up every day with your tech more ready than you are. With dedicated phone and earbuds charging, the MagStation is the morning person, so that you don't have to be.

MagStation allows you to wirelessly charge your devices simultaneously, eliminating the need for bedside clutter and multiple charging cables and wall chargers. Simplify your charging setup and embrace each day with confidence knowing power is always within reach.

Power up your day

A cluttered desk can lead to a less productive day. Dealing with cables sprawled across your workspace or objects obstructing your view on video calls can be distracting.

Clear your workspace and clear your mind. MagStation is the perfect solution to declutter your desk. With adjustable viewing for work calls and conferences, MagStation redefines efficiency and ensures your phone and earbuds are always powered up and ready for action.

Take charge, everywhere

A busy workday won't slow down for anyone, but now you can carry the energy you need to keep your phone charged on the go, so you never miss an important call or email.

The MagStation cradle conveniently charges the included [MagMove](#) Power Bank, simply slide your phone off the cradle with the magnetically attached MagMove for ultimate power on the go. Ready for wherever your day may take you.

Dual connection

The MagMove Power Bank is the centre-point of the MagFamily range. Equipped with extra strong dual magnets, the [MagMove](#) Power Bank wirelessly charges and magnetically mounts to your phone on one side, while the other side

seamlessly connects to the rest of the MagFamily at-home and in-car range.
