DESCRIPTION :

Vent Mount

Quickly and securely mount your phone to any vent in the car. A vent mount is the most convenient way to attach your phone securely in a vehicle and can easily be transferred between vehicles, which is handy when you sell or hire a car.

Strong magnetic hold

Combining a secure vent grip with strong magnetic hold your phone is safe, even the bumpiest of roads. Included is a large metal mounting plate along with medium and small adhesive mounting discs. The large metal mounting plate does not require any adhesive application, simply place between your phone and phone case and you are ready to go.

Position your phone in portrait or landscape

Rely on your smartphone for navigation in the car? The adjustable mount (360° rotation) lets you position your device in either landscape or portrait mode.
